Washington, November 10.—Secretary
Bryan to-night made public the note presented by the Huerta provisional government last night to the foreign diplomats in Mexico City. The note, signed by Querido Moheno, Minister of Provision Politicas and Provisional Politicas and Politic

"In conformity with provisions of Article \$1, of the Constitution, and in view of the lack of a President or a Vice-President and a Secretary of State and of the Department of Foreign Re-lations, the provisional presidency de-volves upon the Secretary of State and of the Department of Gobernacion, General Victoriane Huerta. Thus in accord with the will of the Mexican people, manifest in the Constitution of February 5, 1857, there remained estab-lished the unquestionable legality of the present government. The Congress and the Supreme Court solemnly recog-nized without objection the new ruler. Port Huron, Mich., November 10.—A large steel freighter, overturned, was found floating in Lake Huron late today about eight miles northeast of Port Huron. Captain Reid, of the local wrecking crew, said it was believed she was abandoned during the terrific gale which swept the lake yesterday.

Captain Reid said a heavy sea was running when the freighter was found, and there was no distinguishing mark to identify her.

New York Is Hit Hard.

Buffalo, N. Y., November 10.—Western New York is to-night emerging from one of the most severe November snowstorms on record. Beginning at dawn and continuing for over eight hours, a gale that at times reached a velocity of seventy-four miles an hour drove snow and sleet into drifts that blocked suburban electric railway lines and badly hampered the operation of railroad trains. So far as known no vessel was caught unprepared on Lake Eric. One railroad wreck occurred, causing one death and the injury of eight persons. the injury of eight persons.

The storm was the heaviest along

Surf Is Tremendous.

Chicago, November 10.—A tre-mendous surf driven in by the fifty-mile gale did damage estimated at fully \$500,000 along the Chicago water front last night and early to-day. Two hundred thousand dollars worth of breakwaters and "made" land, com-prising the new Lincoln Park yacht harbor, were undermined, and plers, eawalls and piling washed away.

During the day the surf subsided, but a big sea continued out in the lake and few vessels left Chicago harbor. At Milwaukee a \$30,000 breakwater, part of the new harbor project, was destroyed and more than that amount of damage was done to shipping.
